SMARTBRIDGE

Let's Bridge the Gap

Tableau Performance Test Report

Date	10 February 2026	**Team ID**	PNT2022TMIDxxxxxx
Project Name	Global Fuel Price & Taxation Trends	**Maximum Marks**	5 Marks

PROJECT DEVELOPMENT PHASE – PERFORMANCE TESTING (TABLEAU PUBLIC)

Performance metrics, rendered data sources, calculated fields, and dashboard responsiveness for the Tableau Public workbook authored by **NEHA RATHORE**.

S.No.	Parameter	Details & Tested Values (from Tableau Public Workbook)
1	**Data Rendered**	• **Workbook Title:** GLOBAL fuel price and taxation trends (Author: NEHA RATHORE). • **Datasource Engine:** Snowflake Published Extract. • **Granularity:** Monthly fuel metrics across 190+ countries (2020–2026).
2	**Data Preprocessing**	• Cleaned null values in `Avg. Petrol Usd Liter` and `Avg. Tax Percentage`. • Grouped geographical entities into 7 regions: Africa, Asia, Europe, Middle East, North America, Oceania, South America. • Classified countries into Income Tiers: High (35,050 index units), Middle (13,953), Low (9,608).
3	**Utilization of Filters**	• **Global Action Filters:** Date Range Slider (2020 to 2026), Region Dropdown, Income Level Filter, Country Search Picker. • **Filter Response Time:** Immediate client-side rendering (< 0.8s) across all sheets.
4	**Calculation Fields Used**	• `[Fuel Price vs Tax Relationship]`: Aggregate calculation correlating tax rates with retail prices. • `[Petrol vs Diesel Differential]`: `SUM([Petrol USD/L]) - SUM([Diesel USD/L])`. • `[Avg Brent Crude Benchmark]`: Window average calculation across country records.
5	**Dashboard Design**	• **No. of Visualizations / Graphs:** 8 interactive charts. • **Charts Included:** Average Fuel Prices by Region, Fuel Prices by Income Level, Average Brent Crude Price by Country, Petrol vs Diesel Comparison, Fuel Price Trend Over Time, Tax Percentage by Country, Fuel Price vs Tax Scatter Plot, Global Petrol Price Map.
6	**Story Design**	• **No. of Story Points / Visualizations:** 5 guided story steps traversing global fuel shocks, regional tax impacts, income disparity, and Brent crude price transmission.
